

## **ARA TECH AT A GLANCE**

**ARATECH** is a highly recognized interior and exterior design firm with expertise in residential interiors design, commercial interiors design, hospitality interiors design, retail, healthcare and beauty projects.

Our designers successfully participate in projects from the initial concepts, furniture and decorative item selections, decorative material selections, construction document production, budgeting, city submittals, project coordination - always with precision, professionalism, attention to detail, exceptional customer service and expert project management skills.

Founded in 1991 as **Furniture segment** later established as **ARA TECH** and we provide one stop interiors and decor solutions in TN & South. Being a decades old company in the silicon city our Design firm is consistently recognized for its business acumen and its variety of innovative design solutions that impeccably blend functional and aesthetic needs. Be it classy, warm and vibrant home interiors or elegant, edgy but equally tranquil office interior spaces or effective and functional commercial interior spaces we deliver it all.

**ARA TECH** offers Interior & Exterior designs and works with an ideal mix of Aesthetics & Functionality. Ours is a close-knit organization having a composite team of engineers, designers, landscaping experts and skilled work force. Concept development and design for space management using techniques of ergonomics and imaginative visual appeal is our forte. The emphasis is on creation of comfortable and affordable interiors that are easy to maintain.

We at **ARA TECH** work with reputed architects in understanding the design concepts and implementing their ideas. We take complete responsibility and ownership of our projects right from inception to completion. **ARA TECH** has experience in working organizations in varied sectors, including...

## 1. RETAIL SHOWROOMS

At ARA TECH we design the retail outlets heavily inspired by classic interior design with utmost details profiling adding a touch of elegance. We have experience in executing works for various boutiques and showrooms in and around Chennai. Designing a retail store interior is an effort to help the boutiques and merchants to be more successful. When it comes to the retail store interiors, the importance is in the details. The location and ergonomics of everything that a retail store needs is taken care by our professional team.

## 2. LIVING ROOM:

Here are a few words to remember when styling the perfect living room. It should be harmonious, elegant, but above all, individual. The ideal room will always fit in with the taste and personality of the people who will be using it, so there are as many perfect living rooms as there are people designing their own homes! By mixing expert advice with individuality, anyone can come up with the perfect design for their needs.

## 3. BED ROOM:

Every single room in your home is important, and each one should communicate a specific message and evoke a particular vibe. The bedroom is the place for ultimate relaxation and rejuvenation. When decorating your bedroom, you need to keep these very important factors in mind. It doesn't matter what particular style or taste you have, because everyone wants to feel relaxed and at ease

in the bedroom. Colours, soft furnishings, textures, flooring and furniture can all be tailored to your interior design, allowing you to create a serene and tranquil restful haven for slumber-time.

#### 4. MODULAR KITCHEN:

We develop attractive kitchen cabinets using seasoned wood and ferro cement slab. It provides longer life, avoid expansion, shrinkage, warping etc. The finished product will be in natural look, Stained, Laminated or Painted with Poly urethane coating. Painting is done at Dust free vacuum painting booth. We develop display class quality crockery units, modular kitchen furniture, kitchen work tables, and kitchen trolleys with maximum space saving designs, kitchen wall units etc. We will provide complete interiors your kitchen with optimal price.

#### 5. FALSE CEILING:

False ceilings are light in weight, moisture resistant and reduces condensation and subsequent dripping from ceiling onto work surfaces. These ceilings like gypsum ceiling and gypsum board ceiling can be easily suspended from main ceiling. False ceilings can be made from different materials including Gypsum, Mineral Fibre and Metal. We specialize in false ceiling installation by creating innovative and unique designs that perfectly match the indoor setting.

#### 6. FURNITURES:

Our exhaustive range offers multiple options in solid, mango, teak, rubber, acacia, ply, engineered and sheesham wood furniture pieces, while all our wooden furniture can also be customized to suit the individual needs of our customers. We also offer solid wood furniture in beds, dining tables, [shoe racks](#), storage and reception cabinets at our online marketplace. See various designs side by side, compare prices and finishes and find exclusive modular furniture pieces that you would not find at local furniture stores.

## 7. CROCKERY UNITS:

Dinnerware is an essential factor of élan in all your formal dinners, casual brunch and alfresco meals. Meals that bring people closer and impress many a coveted guest. What better way to serve up culinary delights than with dinnerware set to showcase the important part of any gathering, the food. It is only viable that you spend on high end, quality, bespoke crockery sets online to enhance your experience and add a house-proud zing to everything you serve. Offered as dinner sets as well as individual pieces, our signature dinnerware collection of porcelain & fine bone is a marvel of craftsmanship.

## 8. GLASS WORK:

Glass work promote interior exterior toughened glass concepts through Business-to-Business and Business-to-Customer mode. When it comes to B2B it works under well planned project team with skilled technician of its own to furnish the dreams of the customers.

### 9. ENTRY ELEVATIONS:

We team are enough capable of designing best small house elevation as per clients requirement and architecture feasibility. We define some major features of Small House Elevation in form of a budget house or affordable house. We know most of you are looking for creative ways to utilize the space in your small home with modern look and unique front elevation
